

## University of Adelaide Summer

Select two courses from the list that follows (6 credits total)

### Important Notes:

- University of Adelaide offers numerous courses during its [Winter School](#), many of which are geared toward international students from other countries. Indiana University recommends the following classes for IU students, though not all of these courses may be offered each summer.
- The courses below are offered on different schedules; students need to ensure they pick courses that do not overlap. Your study abroad advisor can assist you with selecting courses.
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT–OS 100 equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad.
- If a course is listed as OS200/300/400, the course has been evaluated by the academic department. Be in touch with the academic department to determine how course may fulfill degree requirements.
- Some courses may carry pre-requisites; be sure to check the program's site to determine eligibility.
