

# Australia National University Canberra, Australia

## Important Notes:

- Not all of these courses will be offered each term. The courses listed are those that IU students have taken in the past. They do not represent ALL courses available as part of the program.
- Keep in mind that **Semester 1** is equivalent to our **Spring** semester and **Semester 2** is equivalent to our **Fall** semester. You can use the [“Programs and Courses”](#) catalogue to search for majors and courses.
- Undistributed 100-level (-OS 100\*) courses have not yet been evaluated by an IUB department. Courses with a DEPT–OS 100\* equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.
- Students are required to take four courses on the program for a total of 24 credits (equivalent to 12 IU credits).

## Symbol Key:

1. #GEN ED: This course will carry breadth of inquiry A&H credit
2. %GEN ED: This course will carry breadth of inquiry S&H credit.
3. ++ Common Ground AH/SH credit awarded to students on a case-by-case basis
4. + IU Title: Special Topics in Foreign Study (elective credit in COLL)
5. ^ SPEA Topics courses; must obtain advisor approval whether course will apply to specific SPEA major. Students can earn up to 6 SPEA credits on an OVST study abroad program.
6. ! For Biology B.A. and standard Biology B.S. degrees only (will not count for Areas of Concentration)
