

## Cape Town CIEE Arts & Sciences

### Select Courses as Follows:

1. Students must take between 12-16 IU credits for the semester

### Important Notes:

- Courses below may not be available each term. These courses have been offered in the past. The articulations below indicate the IU-Bloomington equivalent credit. Visit the [program page](#) to learn more about CIEE and University of Cape Town classes.
- Students should inquire with [ksabroad@indiana.edu](mailto:ksabroad@indiana.edu) about business credit. For Kelley majors, please contact the Kelley International Programs Office directly for business-specific equivalencies.
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT-OS 100 equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad.
- If a course is listed as OS200/300/400, the course has been evaluated by the academic department. Be in touch with the academic department to determine how course may fulfill degree requirements.
- Some courses may carry pre-requisites; be sure to check the program's site to determine eligibility.
- The University of Cape Town follows the National Qualifications Framework (NQF) credit system. **IU requires students to take a minimum of 72 NQF credits per semester, equating to 2-4 courses, which count for a minimum of 12 IU credits.** Courses may be taken in all University of Cape Town faculties, excluding Health Science and Law.

<u>NQF Credits</u>	<u>IU Credits</u>
18 credits	3 IU credits
22-24 credits	4 IU credits
25-35 credits	5 IU credits
36 credits	6 IU credits

- **Note:** Course numbers will end either in an "F" or "S" (for fall or spring). Courses noted with a "W" are courses that are only offered for the academic year. However, since South Africa is located in the southern hemisphere, the seasons in South Africa are opposite from the seasons in the U.S. Therefore, the fall semester at UCT is February-July and the spring semester is July-November.

### Symbol Key:

1. #: GEN ED A&H credit
2. %: GEN ED S&H credit
3. ~: GEN ED N&M credit
4. \*: Course has already been evaluated by a department and does not carry more than OS-100.
5. + IU Title: Special Topics in Foreign Study (upper-level elective credit in COLL)

6. ^ SPEA Topics courses; must obtain advisor approval whether course will apply to specific SPEA major based on IUB matriculation. [Check SPEA Approval List](#) and confirm with your O'Neill Advisor in advance of your study abroad experience.
7. ! For Biology B.A. and standard Biology B.S. degrees only (will not count for Areas of Concentration); must confirm with academic advisor how course may fulfill degree requirements.
8. † Some courses have different equivalencies depending on what the student has previously taken. If the student has taken the first equivalency, then, and only then, will they receive the second equivalency.
