

Christchurch IES

University of Canterbury

Important Notes:

- Not all of these courses will be offered each term. The courses listed are those that IU students have taken in the past. They do not represent ALL courses available as part of the program. You can find a potential list of courses available each term on the University of Canterbury [Subjects list](#)
- Keep in mind that **Semester 1** is equivalent to our **Spring** semester and **Semester 2** is equivalent to our **Fall** semester.
- Undistributed 100-level (-OS 100*) courses have not yet been evaluated by an IUB department. Courses with a DEPT-OS 100* equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.
- Students are required to take the equivalent of 15-19 credits (60-76 University of Canterbury points, generally four courses)

Symbol Key:

1. #GEN ED: This course will carry breadth of inquiry A&H credit
2. %GEN ED: This course will carry breadth of inquiry S&H credit.
3. ++ Common Ground AH/SH credit awarded to students on a case-by-case basis
4. + IU Title: Special Topics in Foreign Study (elective credit in COLL)
5. ^ SPEA Topics courses; must obtain advisor approval whether course will apply to specific SPEA major. Students can earn up to two SPEA courses on an OVST study abroad program.
6. ! For Biology B.A. and standard Biology B.S. degrees only (will not count for Areas of Concentration)

Courses are available in the following disciplines:

Antarctic Studies

Antarctica and Global Change
Antarctica: Life in the Cold
Antarctica: The Cold Continent
