

# Copenhagen DIS

## Select Courses as follows (6 credits in total):

1. Required Session I DIS Elective Course (3 credits) and Required Session II DIS Elective Course (3 credits)
2. Required Session II DIS Elective courses (3 credits) and Required Session III DIS Elective Course (4 credits)

## Important Notes:

- Not all of these courses will be offered each term. The courses listed are those that IU students have taken in the past. They do not represent ALL courses available as part of the program. You can find a potential list of courses available on the [DIS Copenhagen website](#) (program/provider does not list IU equivalencies).
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT–OS 100 equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.
- All second session courses include a study tour. The study tour is a week-long trip to another location within Europe.

## Symbol Key:

1. #GEN ED: This course will carry breadth of inquiry A&H credit
2. %GEN ED: This course will carry breadth of inquiry S&H credit.
3. + IU Title: Special Topics in Foreign Study (elective credit in COLL)
4. ^ SPEA Topics courses; must obtain advisor approval whether course will apply to specific SPEA major. [Check SPEA Approval List](#) for currently approved courses. Students can earn up to two SPEA courses on an OVST study abroad program
5. \*\*Upper level business credit is only available to Kelley School of Business and LAMP students with the required prerequisites. Please discuss course distribution with KSB.
6. (P) Please note required prerequisites – these could be anything from academic prerequisites to requirements for working with children under Danish law to being able to ride a bike. Check course descriptions for complete details.
7. ~For Biology B.A. and standard Biology B.S. degrees only (will not count for Areas of Concentration)
