- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT–OS 100 equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.

**Optional post-program internship:**

*IES internships require students to remain in Freiburg or Brussels for a minimum of six to eight weeks after the conclusion of the EU Program. Internships begin at the end of the official IES semester (after course finals) and extend into mid-February for fall semester and into July for spring semester. Please note that the internship placement also carries an additional fee. Students will need to go through the [Non-IU program process](#) for the internship and will need to work with their academic departments to secure an IU course equivalent.*
