

Jerusalem, Hebrew University 2017-2018

Select Courses as Follows:

1. Fall-only students: 6 credits for summer Ulpan and 12-13 credits during fall term
2. Academic year students: 6 credits for summer Ulpan, 12-13 credits during fall term, and 15-16 credits for spring term
3. Spring-only students: 3 credits for winter Ulpan and 12-13 credits during spring term
4. All students must take at least 1 Hebrew language course and 1 Jewish Studies or Israeli Studies course each semester

Important Notes:

- Not all of these courses will be offered each term. The courses listed are those that IU students have taken in the past. They do not represent ALL courses available as part of the program. You can find a potential list of courses available [here](#).
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by a department on campus. Courses with –OS 100* equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for major/minor credit either before or after studying abroad depending on departmental policies. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.
- Ulpan: AY students are enrolled in Ulpan during the 2nd summer session at IU. This is also where the credits for Ulpan will show up on your transcript.
 - Note: academic year students **do not** have to repeat Ulpan during spring term. Instead, they will be required to enroll in an additional 3-credit course to maintain a 15-credit minimum per term.
- In some cases, IU may award a different number of credits than suggested by HUU for a course taken in Jerusalem. This is to comply with university restrictions on the maximum number of credits that may be earned in a semester.

Symbol Key:

1. #GEN ED: For students who started at IU in the summer 2011 or after and are under the new general education requirements, this course will carry breadth of inquiry A&H credit
2. %GEN ED: For students who started at IU in the summer 2011 or after and are under the new general education requirements, this course will carry breadth of inquiry S&H credit
