

Nagoya-Nanzan University

Center for Japanese Studies

Select Courses as follows (14-17 credits in total):

1. Required language Courses (8 credits)
2. Required area studies courses (6-9 credits)
 - a. No more than 1 practical course per semester

Important Notes:

- Not all of these courses will be offered each term. The courses listed are those that IU students have taken in the past. They do not represent ALL courses available as part of the program. You can find a potential list of courses available on the [Nanzan University Center for Japanese Studies website](#) (program/provider does not list IU equivalencies).
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT–OS 100 equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.
- In regards to the language courses, students who have completed second-year Japanese earn credit for J 333 **AND** EALC-E 496. If you have completed third-year Japanese you'll earn credit for J 433 **AND** EALC-E 496.
- This program is not designed as language intensive program. Student will need to complete a placement exam with EALC upon return in order to have J 333 or J 433 apply to EALC language sequence
- Upper level Business credit is only available to Kelley School of Business and LAMP students with the required prerequisites. Please discuss course distribution with KSB.
