

Nanjing CIEE

Intensive Chinese Language and Culture

Select Courses as follows (15 credits in total):

1. Required language Courses (12 credits)
2. Required area studies courses (3 credits)

Important Notes:

- Not all of these courses will be offered each term. The courses listed are those that IU students have taken in the past. They do not represent ALL courses available as part of the program. You can find a potential list of courses available on the [CIEE Nanjing website](#) (program/provider does not list IU equivalencies).
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT–OS 100 equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.
- Despite the program name, this program is not designed as a language intensive program. IU students will need to arrange a placement exam upon completion of the program to determine the next appropriate Chinese language course through the East Asia Languages & Cultures department.
- EALC-E 496 Foreign Study credit can be applied to the major and minor requirements in EALC so all credits will be useful for meeting requirements. Chinese language proficiency exam must be completed for potential next-in-sequence language credit upon return to IU campus.
