

Rome IES

Study Rome: Language & Area Studies

Select Courses as follows (16 credits in total):

1. Required language Course (4 credits)
2. Required area studies courses (9-12 credits)
3. Optional Outside Course at a local university, IES Internship, or service learning placement (3 credits)

Important Notes:

- Not all of these courses will be offered each term. The courses listed are those that IU students have taken in the past. They do not represent ALL courses available as part of the program. You can find a potential list of courses available on the [IES Rome website](#) (program/provider does not list IU equivalencies).
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT-OS 100 equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.
- Upper level Business credit is only available to Kelley School of Business and LAMP students with the required prerequisites. Please discuss course distribution with KSB.
- 400-level FRIT equivalencies have been granted in the past when a student has consulted with the Director of Undergraduate Studies and has satisfied the workload requirement of a 400-level Italian course at IU. It is mandatory that you discuss the workload requirement of a 400-level course with the Director of Undergraduate Studies before you go abroad.
- Students are able to take an outside course at either Università degli Studi Roma Tre (Rome 3) or The Rome University for the Fine Arts (RUFA). Please see the IES website for more information on these options.
