

SIT South Africa 2017-2018

Students on this program will take the following courses:

1. Approaches to Community Health in South Africa (3 credits)
 2. The Practice and Provision of Community Health in South Africa (3 credits)
 3. Intensive Language Study: isiZulu (3 credits)
 4. Social and Community Health Research Methods (3 credits)
 5. Independent Study Project (4 credits)
- You can find the most current course offerings on the program [here](#).
 - Undistributed 100-level (-OS 100) courses have not yet been evaluated by a department on campus. Courses with –OS 100* equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for major/minor credit either before or after studying abroad depending on departmental policies. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.
