

Tokyo IES

Language and Culture

Select Courses as follows (15 credits in total):

1. Required Japanese language Course (6 credits)
2. Required area studies courses (6 credits)
3. Required Social Organizations of Japan field placement (3 credits)

Important Notes:

- Not all of these courses will be offered each term. The courses listed are those that IU students have taken in the past. They do not represent ALL courses available as part of the program. You can find a potential list of courses available on the [IES Tokyo website](#) (program/provider does not list IU equivalencies).
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT-OS 100 equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.
- It is IU's Policy that all students must participate in the 3 credit Social Organizations of Japan field placement course.
- Students will need to arrange a placement exam upon completion of the program to determine the next appropriate Japanese language course through the East Asian Languages and Cultures department
