Important Notes:

- All courses on this program are taught in Spanish. Courses taken with Chilean students will require students to adapt to differences in educational system, style of instruction, and expectations. Carefully review course selections for any prerequisites or prior knowledge needed to be successful.
- IU students are **not permitted** to enroll in Art & Design (painting, ceramics), Sports (Mountain Climbing), or other activities-type courses without Overseas Study permission and 15 credits of degree-relevant classes first.
- Courses below may not be offered each term. These courses have been offered in the past and the equivalencies shown indicate how courses have transferred back to IU. Please check the [Valparaiso-CIEE program website](#) for the most up-to-date course offerings (CIEE does not list IU equivalencies).
- Students should inquire with ksabroad@indiana.edu about business credit.
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT-OS 100 equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad.
- If a course is listed as OS200/300/400, the course has been evaluated by the academic department. Be in touch with the academic department to determine how course may fulfill degree requirements.

- Some courses may carry pre-requisites; be sure to check the program’s site to determine eligibility.
