

# Valparaiso-CIEE

## *Liberal Arts Program*

### Select courses as follows (16-18 credits):

1. Required CIEE core course: 4 credits
  - Students can enroll in up to two core courses, at least one is required
  - Academic year students are not required to take a CIEE course during their second semester
2. Required three to four courses at Pontificia Universidad Católica de Valparaíso: typically 12 credits
  - Most students are required to enroll in a Spanish course pending placement exam: 4 credits
  - Students will not receive more than 18 credits maximum
  - PUCV classes selected onsite with CIEE assistance: course schedule not available until orientation in Chile
  - IU students are not permitted to enroll in elective art/sports/music classes without Overseas Study permission and enrollment in 15 credits of degree-relevant coursework
3. Optional CIEE Elective Course: 2 credits
  - Seminar on Living and Learning in Valparaíso
  - This class may be taken in addition to the required courses mentioned in 1 & 2

### Important Notes:

- All courses on this program are taught in Spanish. Courses taken with Chilean students will require students to adapt to differences in educational system, style of instruction, and expectations. Carefully review course selections for any prerequisites or prior knowledge needed to be successful.
- IU students are **not permitted** to enroll in Art & Design (painting, ceramics), Sports (Mountain Climbing), or other activities-type courses without Overseas Study permission and 15 credits of degree-relevant classes first.
- Not all of these courses will be offered each term. The courses listed are those that IU students have taken in the past. They do not represent ALL courses available as part of the program. You can find a potential list of courses available on the [Valparaiso-CIEE program website](#) (CIEE does not list IU equivalencies).
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT-OS 100 equivalent will be applied towards overall credits to graduate. However, students may submit the course materials to that department to be evaluated for specific credit either before or after studying abroad. If a course is listed as OS200/300/400, the course has been evaluated by the academic department.
