

London

Literature

The London Get Set predeparture handbook prepared by IES provides important information about the program, and you should read it with care. The following supplemental information pertains to Indiana University students only.

IES AND IU

IES Abroad is a nonprofit organization that administers 120+ study abroad programs in more than 30 global locations worldwide. More than 235 U.S. colleges and universities, including Indiana University, have formal agreements with IES, and their representatives work with the Institute to set academic policy and approve curricula. Through its office in Chicago, IES administers the London program during the academic year and the summer. The IU Office of Overseas Study has made special arrangements with IES for sponsorship of the Literature program in London.

Professor Ivan Kreilkamp will teach the Literature course in London. Because he is from IU and familiar with IU policies and procedures, he may be able to provide special liaison and counsel to IU students. Note, however, that his role is primarily as an instructor. If you have questions regarding academic policies, housing, or getting around London, or in case of emergency, contact the IES staff in London.
